

JEF-Europe Song - EUROPE UNITED

--- VERSE 1 ---

They say that we've got nothing in common
No cultural ties to build on
The project just can't work
They say that nationalism will break us
Conservatives will fight us
But trust we really do care

--- CHORUS ---

And we shout what about Europe United?
Peace and safety for all of the people
Democracy, freedom, subsidiarity
Federalism, the solution we've got

--- VERSE 2 ---

They say we'll never work together
To make our union stronger
Let us say no!
We'll build a Europe bold and new
A democracy that's true
Europe United as one!

--- CHORUS ---

--- VERSE 3 ---

We say the EU's a confusion
Lacking a Constitution
But we know what to do
Reform now, we want to see enlargement
Accept our major statement
Europe united as one!

--- CHORUS ---
